April 6th 1886

Sir;

Please report the number and kind of arms, and the quantity of ammunition, we had on hand, belonging to the Government, at the close of the Quarter ending March 31. 1886.

Respectfully
D. M. Fox
Superintendent

Capt. W. H. Banks
Night Watch.

April 6th 1886

Sir;

I find that I have never received a supply of Circulars of January 1. 1886, giving the Secretary's estimate of the value of Foreign Coins, and I therefore not able to meet applications for them. I have a few copies of 1885 and some previous years, but none of 1886. I will thank you to favor me with, say, two dozen copies of the Circular of the present year by return mail, if possible.

Very Respectfully,
Your Obt Svt
Superintendent

Hon Jas P. Kimball
Director of the Mint,
Washington, D.C.

W. T. S.

Canceled

6. April 6

Sir;

In reply to your suggestion on the transfer of "Kennedy" from Laborer to Cutter, I have to say that the name should have been "John Kennedy" and not "James", and that they are "identical" persons.

Have the kindness also to alter the rate of per diem pay of William Conn, from $3.20 to $3.50 which latter rate it should have been, $3.25 being an error of the Clerk in transcription, as was likewise the above mentioned mistake in Kennedy's name

Very respectfully

Supt.

Asst. James R. Kimball
Director of the Mint
Washington
D.C.

14-A-6.

The United States Mint at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

April 6th, 1886

Sir;

In reply to your inquiry of the 5th instant I have to State that there are no Refineries in Philadelphia, known to us here in the Mint, where such gold and Silver bars as you refer to are made. Jewelers and Gold beaters get their gold bars from us for use in making jewelry and gold leaf.

Respectfully

Superintendent.

Mr. E. O. Leech,
Computer of Bullion,
Mint Bureau,
Washington D.C.

6. April 6

Sir,

I have the honor to transmit the oath of office of George Eckerick recently promoted to Warrant Clerk in this Mint

Very respectfully

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

Mint of the United States in Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE.

6: April 1886

Sir:

The following named persons having been removed their names will be dropped from the rolls after this date:-

Charles G. Moore, Melter, M. & R. Dept.
Jacob F. Kulp, Helper, " "
H. F. Wilson, " , " "
R. K. Elliott, Laborer, General

Very respectfully

Daniel M. Fox

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

6: April 1886

Sir;

Have the kindness to alter the per diem rate of pay of William Conn from $3.25 to $3.50 which latter rate it should have been, $3.25 being an error of the Clerk in transcription.

With regard to the given name of Kennedy, I found that although he had been appointed as "John" - the name given us at the time -, he has signed his name "James" ever since on the payrolls: Hence in the late application for transfer he was called James

Very respectfully
Neal McFee
Superintendent

Hon. James P. Kimball
Director of the Mint
Washington D.C.

April 7th 1886

Sir,

The following telegram sent you this day, is hereby made Official. viz

"Did you purchase Silver yesterday. We have no advices and J. B. Colgate & Co are delivering on sales."

Very Respectfully,

[signature]

Supt.

Hon Jas. P. Kimball
Director of the Mint.
Washington. D.C.

7: April 6

Sir;

I have the honor to transmit the oaths of office of the following persons recently appointed to positions in this Mint:-

Elizabeth Moore, Adjuster, Coiner's Department.
Matthew K. Campbell, Helper, M. K. "
William Davison, " " "
John W. Rodgers, " " "
Frank L. Reber, Deposit Melter, "
J. C. Anderson, Laborer, General "
Joseph C. Goodfellow, " " "
Thomas Hearn, " " "

It will be noted that "Campbell

Signs his name with an "H"

Very respectfully

Superintendent

Hon: James D. Kimball

Director of the Mint

Washington

D. C.

7. April 1866

Sir:

Herewith I enclose Memo. No. 561 — in duplicate — of Gold Bullion, being for remittance, No. 9, received from your office, as per letter of advice and memorandum of 31st. March

Very respectfully

Wm. H. Fox

Superintendent

Robert P. Waring Esq.
Assayer in Chg. U.S. Assay Office
Charlotte
N.C.

7: April 6

Sir,

I have the honor to enclose memo: No: 561, of Gold Bullion, being for remittance received from the United States Assay Office, Charlotte, N. C. to be transferred to the Bullion Fund of this Mint

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

April 8th 1886

Sir;

Your letter of the 7th inst, received.

The total amount of Gold and Silver Bars furnished by this Mint during the Calendar year 1885, to private parties and firms, was as follows: viz.

Gold Ounces, 24,639.471

Value $458,408.76

Silver Ounces 36,111.54

Value $42,020.69

Our information is that these Bars were all used in the arts & manufactures.

Respectfully

A. M. Fox

Superintendent

Wm. E. O. Leech,
Computer of Bullion,
Mint Bureau
Washington, D. C.

Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

8: April 1886

Sir:

Under sect: 3504 Revised Statutes I have appointed John Holland, "Day Fireman", in the General Department of this Mint @ $2.75 per diem — vice Peter Hopkins, Laborer, who had been assigned to that duty — to take effect from the date of oath, and submit the same for approval

Very respectfully

[signature]

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

April 8th 1886

Sir,

I beg to enclose you herewith, bill in duplicate for $255.80, being the value of 10 pair S.S. Dollar dies, prepared for and transmitted to the Mint U.S at New Orleans, in conformity with your letter of instruction, dated Dec 7th 1885.

Very Respectfully,

[signature]

Supt.

Hon Jas P. Kimball.

H. S. Cochran

Weigh Clerk

[illegible]

Superintendent

S: April 6

Sir;

In compliance with the instructions contained in your letter of the 15th ultº asking that an ingot of Copper forwarded to me, received from the Consolidated Green Mining Company should be tested to ascertain whether the same is suitable for alloying with the Coins of the United States and to report the result to you, I have the honor to state that on the receipt of your Communication I placed the matter in charge of the Assayer who, to day by letter, a Copy of which is hereto annexed, reports to me that he has analyzed the

sample and finds it almost equal to the best Baltimore copper, the analysis giving 99.7 - 99.8

Very respectfully
Dan M Fox
Superintendent

Hon James P. Kimball
Director of the Mint
Washington
D.C.

(Copy)

Assay Department
April 7th, 1886.

Sir;

Some time since a couple of bars of Copper were received from the "Copper Queen Consolidated Mining Co." (New York) Also a letter from the Director of the Mint requesting that the same be tested to ascertain whether the same be suitable for Alloying the Coins of the U. S.

I have analyzed the Sample and find it to be almost equal to the best Baltimore Copper. — The Analysis gives 99.7 - 99.8 per cent pure Copper.

Very Respectfully
(Signed) Jacob B. Eckfeldt
Assayer

Hon. Daniel M. Fox
Superintendent.

Treasury Purchases - - - - - - - [illegible] Fine Ounces.

Domestic Purchased - - - - - - - [illegible]

Very respectfully,

Your obedient servant,

[illegible]

Superintendent.

[illegible]

[illegible] of the Mint, Washington, D. C.

9. April 6

Sir,

Herewith I enclose memo. No 867 — in duplicate — of Gold Bullion being for remittance No. 19, received from your office as per letter & advice and memo. of 31st March ult.

Very respectfully

Superintendent

Peter L. Wilson Esq
Assayer in Chg. U.S. Mint
Denver
Colo.

See "Copy of "Endorsement" (in "official Copy" of Journ) from Director to Mr Fox, quoting the following letter — in the possession of Mr. Fox

9: April 6

Sir;

I desire to call your attention to vault No 6, under the piazza on Chestnut St. You may recollect it as being the one the door of which was pieced out at the top with a piece of wood. At present there are perhaps 2,000,000 dollars in that vault and I am quite anxious about it. I think it so insecure that if you could interest "the powers that be" to convert that vault into a steel-lined burglar proof vault, it would contribute greatly towards security and the relief of my anxiety

Very respectfully

[illegible]

Superintendent

Hon James P. Kimball
Director of the Mint
Washington
D.C.

Duplicate

9: April 6

My dear Sir;

I have this day shipped by Adams Express 2 boxes of duplicate medals both addressed to you, one for the Hon: the Sec: Mr. Manning, the other for yourself. The expense for each will be simply the cost of the copper — $2.40.

I may say that at the time I ordered the medals for Mr Manning, as you requested, I also ordered duplicates for myself, but as I can get another set struck for me, when the men are at leisure, without interfering with the work of the Government

D

you will therefore receive mine.

You may forward the amount by mail ($4.00)

I am very truly yours
Dal [illegible]

Hon. James P. Kimball
c/o Mint Bureau
Washington
D.C.

9: April 6

Sir

I have the honor to enclose memo: No: 567 of Gold Bullion being for remittance received from the United States Mint, Denver, to be transferred to the Bullion Fund of this Mint

Very respectfully

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

Edward Lacy

9: April 6

Sir;

In conformity with the provisions of Section 3507 Revised Statutes, I have to inform you that on the recommendation of the Porter herein endorsed, I have appointed Edward Lacy, Cleaner, in his department at $300 per annum, to be removed - to take effect from the date of his official oath, and submit the same for your approval

Very respectfully
A. M. Clapp
Superintendent

Hon: James B. Kimball
Director of the Mint
Washington
D.C.

Mint of the United States at Philadelphia, Pa.

SUPERINTENDENT'S OFFICE.

Commissioner of Education,
Washington, D.C.

April 12th 6

Sir;

I am obliged to make requisition for one "Register of Gold and Silver Deposits, and Silver Purchases", for this Mint. We are now using the only one we have on hand, and presuming that you have them in stock, I will thank you to forward another as soon as may be convenient.

Very Respectfully

Superintendent

Hon. Jas. P. Kimball,
Director of the Mint,
Washington D.C.

12: April 6.

Sir:

Remittance No: 10, of Gold Bullion from your office has been received by Express as per letter of advice and memo: of the 10th inst.

Very respectfully

Superintendent

Robert P. Waring Esq
Assayer in Chg: U.S. Assay Office
Charlotte
N.C.

12: April 6

Sir;

In regard to the subject of a Medal from the Centennial Exhibition of 1876 as per letter from Mr Trendle of South Kensington Museum London to you of 18th ultº, – which letter is herewith returned – I would report that on the receipt of your Communication to me of 30th ulto: touching that subject, I made inquiry, first of our Coiner, Mr Steel, to know whether we had any medals in the Mint belonging to any Exhibitors, which had not been delivered.

He repeated to me that there were none: that Edward T. Steel Esqr. – (a Colleague of mine

in the Centennial Board of Finance) had received from this institution, all that were left, at its close. I then addressed a communication to Mr Steel making inquiry upon the subject, and he stated he had none, as those delivered to him had been disposed of, and that I had better communicate with Hon A. T. Goshorn, Ex Director General of the Exhibition at Cincinnati, which I have done.

This morning I am in receipt of a communication from him under date of 8th inst. a copy of which I enclose to you. By it you will observe that all the medals awarded to Exhibitors from England were delivered to Sir Herbert Sandford, Chief Commissioner and that he

2

is the proper person to apply to for information requested.

To him therefore Mess Gaskell Deacon & Co. must direct their inquiries

Very respectfully

Superintendent

Hon: James D. Kimball
Director of the Mint
Washington
D.C.

Cincinnati
Museum Association

(Copy)

Cincinnati April 8. 1886

Hon. Daniel W. Fox
Supt. U. S. Mint Phila. Pa.

Dear Sir

I have yours of the 3rd inst with inclosures, referring to a medal claimed by an exhibitor in the British Section of the International Exhibition at Philadelphia, 1876.

In answer I have to advise you that all medals awarded to exhibitors from England were duly delivered to Sir Herbert Stanford Chief Commissioner; and he is the proper party to apply to for the information requested. The business of the Centenial Commission has been closed, and besides communications on this subject can only be made through the authorized Commissioner and not direct with the exhibitor. Mess. Gaskell, Deacon, &c. therefore must apply to the Commissioners of the British Section.

Yours Very Respectfully
(Signed) W. S. Goshorn
Director.

14: April 6

Sir;

In reply to your letter of March 20th relative to a communication from a "correspondent in London inquiring "how to obtain, 'by means of a fresh cast' "a Medal" said to be "awarded to, but "not received by Mess. Gaskell, Deacon, & "of Lancashire, Eng., at the Philadelphia, Ex- "hibition, in 1876," I was requested to furnish you "with any information" I "might "have affecting the history of the "Medal in question."

In reply I obtained all the information I could about the medal, covering a communication from Hon: A. J.

Goshorn, Director General of the Exhibition.

In yours of the 13th you state that the Communication was referred to me "for special information as to whether" I "could supply a duplicate medal from "stock on hand or by striking one for the "purpose", "not whether the medal had "been delivered or whether its loss could be "traced."

In regard to this last feature I would say that the dies belonged to the Centennial Commission, were paid for by them, and delivered to them, at the close of the labors of the Bureau of Awards, at the time. I drew for the purpose of having them destroyed, and as a member of the Centennial Board of Finance - a Coördinate body of the

Commission, I have great reason to believe that they were destroyed.

You will observe by the letter of the Director General - a copy of which you have - that he says "the Medals awarded the Exhibitors from England were delivered to Sir Herbert Sanford, Chief Commissioner", and that "Communications on this subject could only be made through the authorized Commissioner", so that even were the dies still in existence, I do not conceive that he would have authority to trench upon the rights of the Centennial Commission. They seem to be the only ones who control the issuance of medals.

Besides as the rules of the Exhibition precluded the issuance of any medal

except by order of the proper authority, to wit, the Commission, it was evidently intended to prevent the obtaining of medals unless they were duly awarded, and we have no official information that such a medal had been awarded, and therefore could not issue if even we had the dies;

Very respectfully

A. L. Kimball

20: April 6

Sir

I have the honor to receive yours of the 12th inst. in reply to mine of the 1st inst. touching the subject of a proposed increase in the force in the "Cabinet" Room for the purpose of protecting the increased valuable collection of Coins and medals therein placed on exhibition.

I beg to say that while I propose that they shall be men of education and general intelligence, it is not so much that they should be numismatists and versed in the knowledge of Coins, that they should

be able to explain them, as with a view of protecting property they be men of undoubted integrity, but possessed of muscular power and sharp eyes to be used in case of necessity on the multitudes who visit the room.

I beg therefore to nominate a gentleman named Geoge R. Guss of Chester County, the Editor of a paper, in West Chester, a man, I think most admirably possessing the qualities above indicated, for appointment as one of the Assistants in that room. As the other assistants get on the average $3.50 per diem pay, I respectfully suggest, that his pay be fixed

at that rate, if he be approved.

I am sure that his presence will add to the strength of the force, and will greatly relieve my mind of anxiety.

Very respectfully

Saml M. Fox

1131/8

27: April 6

Sir;

Respectfully referring to yours of the 24th inst., in which you express a desire that Mr. Cabell Whitehead of Virginia, a graduate of Lehigh University, should have the benefit of practical work with our Mr. Eckfeldt as regards assaying, and with Dr Booth as regards melting and refining, I have had a consultation with both gentlemen and read to them your letter. They say that it has not unfrequently been the case, that very talented young men of extensive theoretical knowledge, have been, at intervals, in their departments, through

the series of years they have been here, but none ever received any remuneration. The both speak of gentlemen who were to go to Montana, Helena, Carson, Denver, and other places and they will be very glad indeed to oblige in any way they are able in the matter.

There is only one feature that embarrasses me, and that is, I do not know how I can get him on my roll so as to have his expenses covered, as to do it I must displace some one, and as Mr. Whitehead will be in our Mint but a comparatively short time, I do not see my way clear in that regard.

If there is any way in which

113 3/4

this can be arranged, upon which you can apprise me, I will be much pleased

Very truly yours
Wm M Fox

[signature]

Superintendent.

Hon. Geo. P. Kimball,

Director of the Mint, Washington, D. C.

[Ed. 10-29-'83—500.]

29. April 6

Sir,

I have the honor to submit a copy of a communication made to me by Mr Cobb, the Cashier of this Mint in relation to vault No. 6. He gives the exact dimensions & suggests the mode by which it can be made a first-class steel-lined vault.

You will pardon me if I renew my expressions of anxiety with regard to this vault. It is certainly quite insecure and it would be to the interest of the Government to make the improvement, & I therefore respectfully suggest that out of the appropriation for the ensuing fiscal year the improvement could be

D

made.

We will have some repairs to add in the month of July and if this improvement can be accomplished, that would be the judicious period in which the work should be done.

I respectfully ask your consideration to this subject

Your obdient Servant

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

(Copy)

April 29th 6

Sir;

I beg leave once more to submit some facts touching the condition of the Storage vaults of the Mint, and to urge the absolute necessity for certain improvements of Vault No. 6 (under Cashier's room) in order to render it Secure, both interiorly and in its approaches.

Vault No. 6 is of the following dimensions.

	ft.	in.
Length — — — — — —	17	0
Width — — — — — — —	15	6
Height (foot of Arch) about	6	0
" Crown " — — — —	8	0

When Steel-lined and ready for use this vault will prove a great acquisition to Storage facilities.

If I might be allowed to Suggest, I would say that this vault ought not to be divided into compartments. With the entire area unincumbered, it will, I think, easily contain Seven Million Standard Dollars. With compartments and centre gangway the loss of capacity for storage will equal a million and a half.

Compartments are useful only where the Officer finally responsible verifies and Seals them when filled. They would be desirable in very wide vaults, also, in order to prevent the buckling of the ranks, which, confined by rigid walls, must give somewhere as the mass Settles to its place. Vault No 6. however, is not of such width as to require compartments.

The need of this vault for storage, is so necessary to you as Custodian of the treasure that you would only be Studying the interest

of the Government by making requisition for the improvement; and I hope you will ask for it so as to give us the use of the vault as early in August as may be.

By that time, at the present rate of storage daily, the capacity of the Post Office Vaults will have been exhausted.

Allow me to suggest that at least one of your storage vaults ought to be cleared before annual Settlement, June 30 next.

(Signed) Very Respectfully

W. H. Cobb

Cash.

Hon. Danl. M. Fox

Superintendent

HCH

April 29th 6,

Sir,

Respectfully referring to your instructions of the 14th instant, I herewith enclose four copies of the required advertisement for Proposals for Supplies for this Mint for the fiscal year ending June 30th 1887, leaving the blank spaces to be filled at your office. I have made the notice comprehensive, and the schedules of supplies for the information of bidders will be minutely itemized. As the schedules will be needed soon after the first publication of the advertisement I suppose I can have them printed here. I will thank you for instructions on that point, by return mail, if possible.

Hon. James P. Kimball,
Director of the Mint,
Washington, D.C.

Very Respectfully,
[signature]
Superintendent.

Sealed Proposals, endorsed "Proposals for Supplies of _____", (naming the class of articles bid for,) will be received by the undersigned, until the 31st day of May, 1886, at 12 o'Clock noon, to supply this Mint, during the fiscal year ending June 30th 1887, with acids, chemicals, cement, carbons, candles, coal, charcoal, iron, steel, copper, brass, tin, lead, bethazinc, hardware, oils, lard, tallow, soap, brushes, brooms, bricks, fire bricks and clay, dry goods, buckskin mitts and gloves, gum mitts and gloves, leather and rubber belting, fire and furnace mitts, white rags, tin-ware, matches, chamois skins, crucibles, covers, stirrers, dipping cups, paints, kegs, barrels, Soda Ash, nitrate of Soda, lime,

Salt, oak and pine wood, steam and gas pipe, brass and malleable iron fitting, electric fittings and globes, and all other necessary articles, to be delivered in such quantities as may be required from time to time; the right being reserved to reject any and all proposals not deemed Satisfactory. To receive consideration, proposals must be accompanied by a bond in the penal sum of $2.000, with two Sureties, Conditioned for the faithful performance of the contract if proposals be accepted. Schedules of the supplies needed, together with blank bonds, will be furnished on application. Parties Submitting proposals can be present at the opening, on the above named day and hour, if they so desire.

Daniel M. Fox,
Superintendent.

3. May 6

Sir;

I have the honor to report to you that the 2 Gatling guns, with the accompanying equipment of the same, were sent to this Mint by the Ordnance Officer at Springfield Mass. and that I have receipted for the same.

The material appears to be all correct but there is no ammunition accompanying the same. In acknowledging the receipt of the same to him which I did to day, I took occasion to ask what steps I should take to obtain the necessary ammunition.

Perhaps you can advise me on the subject?

Very respectfully
Dan'l Ford

Sup't.

Hon C. N. Jordan.
Treasurer. U.S.
Washington. D.C.

5. May 6

Sir;

Responsive to the instructions contained in yours of the 4th. inst. relative to shipment of Coin through the Express Company, I beg to say that the Agent of the Express Company at New Orleans is in error in informing J. Montegut Esq. Superintendent of the United States Mint in that City that no specific receipt for money shipped from this Mint through that Company, is given. We never take a receipt "for a box said to contain", from the Express Company.

I enclose herewith, a copy of

a letter from Mr Cobb, my Cashier, who says the receipt is unconditional and is contained in a registry book which is carefully preserved. To be precise I have had the Cashier make a Copy of the form of receipts given by the Company, as a sample. It will explain itself

You have a copy – perhaps the original – of the agreement on the part of the Express Company with the Government, guaranteeing the safe Conduct of all Shipments delivered to them.

I have the honor to be
Very respectfully
[illegible]
Superintendent

Hon: James P. Kimball
Director of the Mint

5: May 6

Sir

I have the honor to report the receipt from Capt. J. C. Clifford, Capt. of Ordnance, Frankford Arsenal, in this City, on the 4th inst., of 1200 ball cartridges for the Gatling guns received from the National armory.

The advice respecting the rapidity with which the guns should be discharged, will be attended to

Very respectfully

Superintendent

Lt. Col. L. M. Whittemore
Ordnance Office
War Department
Washington DC

5: May 61

Sir;

In accordance with the information conveyed in yours of 30th ult. that a requisition had been made on the Hon: the Sec: of War, to supply the building in my custody with 2 Gatling Guns & 1200 rounds of ammunition, I have the honor to report that the 2 guns mentioned have been received from Capt Frank Heath U.S.A. A.A. Quarter Master Springfield, Mass., and the 1200 rounds of ammunition for the same have been furnished by Cap: L.C. Clifford of the Hartford Arsenal in this City.

I further beg to report that the small arms, consisting of Springfield

rifles and the revolvers, I regard as so important as an additional means of protection, both for this Mint property and the vaults at the Post Office building which are in my custody nearly filled with treasure, I desire to retain the same as a very necessary adjunct to the larger pieces just received

The report for the quarter ending March 31: 1886 of the Arms in my charge, goes down by this day's mail

Very respectfully

Superintendent

Hon: W. E. Smith
Asst. Secretary Treasury
Treasury Department
Washington D. C.

5. May 6

Sir;

Referring to yours of the 4th inst. touching the subject of Gatling guns and ammunition, I have to say that since reporting the receipt of the two Gatling guns I have received the 1200 rounds of ammunition from Capt. J. C Clifford, Capt: of Ordnance at the Frankford Arsenal, Philadelphia.

The requisition is now completely filled.

Receipts in duplicate for the guns were made out and transmitted to Capt. Frank Heath, U.S.A., A.A. Quarter Master at Springfield, Mass.

Very respectfully

Superintendent

Hon: James D. Kimball
Director of the Mint
Washington DC

C. May 6

Sir:

I have your esteemed favor of 5th inst. in reference to shipment of Gatling guns, covering a proposed acknowledgment of receipt from you for the same.

By a letter under date 26th ult. from Capt Frank Heath, Captain of Ordnance U.S.A. Springfield, Mass., addressed to me, it is thus contained:

"I have the honor to transmit herewith
"invoice and duplicate receipts for Ordnance
"Stores forwarded to your address, through
"Bill Department U.S.A.

"On the arrival of the stores please
"fill in the date at the top of the receipts

" sign and return them to me at your ear-
" liest convenience.

" Please notify me, before signing the
" receipts, should any discrepancy exist
" between the invoice and the stores received"

In compliance with the above, I signed the duplicate receipts for the stores, and returned them to Capt. Heath.

On the arrival of the guns I had received a card from the Office of the Penn-sylvania R.R. notifying me thereof, and stating that they held the guns subject to my order at the depot, and that they and accompanying stores would be delivered to me upon my paying the cost of transportation, $2.49. This card was returned to the Company, the charges

paid and the stores delivered over to me.

The question that embarrasses me is this. I have already receipted for them, as you will have seen by the above, and in signing the receipt you wish, it seems to be incumbent upon me to say that I had already done so.

If you will have the goodness to frame a receipt covering the features of this transaction, so that it will prevent me from being accountable for <u>four</u> Gatling guns instead of 2, I will cheerfully put my name to it.

Will you kindly advise me on this

Very respectfully

Superintendent

Capt. J. M. Marshall
Asst. Q. M. U.S.A.
1139 Girard St. Phila.

6. April 6

Sir

Remittance No. 20 of Gold Bullion from your office, has been received by Express as per letter of advice and memorandum of the 30th. ult.

May 6th 6

Sir;

I have received your letter of the 4th inst, transmitting authority from the Secretary of the Treasury to advertise for Proposals for Supplies for this Mint during the next fiscal year, in the "Ledger", "Record", "Times" and "Democrat" of this City; and the advertisement will appear in the papers named to-morrow morning. I have also, in compliance with your directions, mailed a Copy of the advertisement to the "Daily Age" New York, and the "Government Advertiser" Washington D.C.

Very Respectfully,

Superintendent.

Hon. Jas P. Kimball,
Director of the Mint,
Washington D.C.

May 6th 6

Sir;

In reply to your telegraphic request of this date to forward a copy of the Schedule of Supplies needed by this Mint during the fiscal year ending June 30th 1887, that it may be printed at Washington, I beg to state that the Schedule is not yet fully completed, having been delayed 1st to see if the form of advertisement sent you would be approved bodily, or modified in any particular; and 2nd for some outstanding bills to come in, and closer estimates to be made by the different departments and sub-divisions of the Mint, of the kind and amount of supplies that might be

needed, that bidders might know more accurately what would be expected of them, and what inducements responsible manufacturers and dealers might have to submit proposals. I propose, however to have the Schedule forwarded to your office to-morrow.

Very Respectfully,

Wm. M. Fox

Superintendent.

Hon. Jas. P. Kimball,
Director of the Mint,
Washington, D.C.

6. May 6

Sir:

I have the honor to receive your letter of enquiry under date of 6th inst., as to the present status of the matter of the assay rolls to be run by steam-power, returned to the makers by the Denver Mint and which I was authorized to purchase, at the price of $200.00

Referring to yours of the 2nd ult. which states that the Assayer of the Mint desired rolls of the class in question, I was authorized to purchase the pair returned from Denver, if the Orr, Kess Machine Co. would make such alterations as might be necessary —

without additional cost. In this relation I respectfully reply that I did not regard the authority thus conferred as mandatory, and that since the receipt of the April letter, I have conferred with the Assayer upon the subject. He informs me that he was under the impression that it was merely a matter of exchange of rolls, not knowing that there was any outlay in cash to be made, but as there would have to be an expenditure of $ 200. in the purchase of the same — added to which there would be considerable cost in the extension of steam power from the other part of the building into his department consequent upon its use — he did not consider

2

it justifiable by reason thereof, to recommend their purchase and that he will manage to make the land-rolls answer for the present. In view of these facts I concluded to abstain from taking any steps in the matter at this time. And this is the way the case stands.

Very respectfully

Superintendent

Hon James D. Kimball
Director of the Mint
Washington
D.C.

May 6th 6

Sir;

Section 3786, of the Revised Statutes, to which my attention has been called by your telegram of this date, will, if rigorously enforced according to the literal wording of the Section, without any latitude of construction, prove more or less embarrising, in its application to the Mint Service; and I desire to have in advance, such instructions for my guidance, as the Department may think proper and practicable.

1. For instance, under the Sanction of the Director, it has been the usage here, to have made, or buy ready made,

in this City, such blank books as the Government Printing Office at Washington does not furnish, or has not the facilities for making. Shall this practice be now discontinued? under the Section referred to.?

2. Again; my bulky Quarterly Bullion accounts are always securely bound by a responsible and trustworthy bookbinder in this City, before being transmitted to your Office for settlement; and the duplicate abstract sheets retained on file, are also bound here, the binding being a necessity. Shall this binding be discontinued hereafter, and if not, must the Bullion Accounts be forwarded by me to the Government Printing Office to be bound and returned to me, before

3.

being forwarded to your office for Examination and Settlement? And must the duplicate abstract sheets be sent to Washington to be bound and then returned to me? Is it proper that my accounts should thus be out of my hands and beyond my control and supervision in a distant city, before transmission to your office. Is such an unsafe and unadvisable condition of things contemplated by this Section to which you refer me?

3. It sometimes becomes necessary to re-bind or repair the binding, of books of account and of original entry, when worn by use, or injured by accident or the ravages of insects, and of which we have no duplicates. Must they

also be forwarded to Washington for the purpose?

4. Does the "public exigency", specified in Section 3709, R.S. have any bearing upon Section 3786. and can it in any ~~way~~ degree modify or relax the force of the latter Section, if an unexpected Emergency should arise to call for it?

These questions of practice are of so much importance in themselves, in my efforts to administer this institution, and so essential to the integrity of my expenditures and the safety of my accounts that I earnestly desire further instructions on the subject, at your earliest convenience.

Very Respectfully,

Superintendent

Hon. Jas. P. Kimball,
Director of the Mint,
Washington, D.C.

8. May 16

Sir;

Having, as far back as the 24th August last, called the attention of the Department to the possibility of danger — in the event of any outburst of popular discontent or organised conspiracy against the public peace — to the very large amounts of Government treasure rapidly accumulating on my hands, and having on that and subsequent occasions, expressed my great anxiety for the increase of the defensive armament of this Mint, I am in full accord with the solicitude on that subject expressed in your letter of

the Ordnance; and in reply to your inquiry have to state that I have received 1200 cartridges No. 45 calibre for my two Gatling guns being 600 for each gun, if both be in use at the same time.

In conjunction with some of the officers of the Militia and several of the veterans of the late Civil war, I witnessed at the Frankford Arsenal, in the Northern part of our City on Tuesday last by invitation of J. C. Clifford, Captain of Ordnance at that Station, and found that when in full action the Gatling gun is capable of discharging 600 balls per minute, but of course in such rapidity would be expected in

2

our case.

The Gatlings, however, are only a means of defense, and their presence, although a very potent admonition, does not obviate the necessity for an adequate number of Springfield rifles for individual use in the event of an attack upon this institution or the Post Office vaults under my charge; The accumulations of silver dollars in my vaults at the Post Office now amount to $13.250.000, and I have over and above the Gatling gun ammunition but 80 rounds for the rifles making about 4 Cartridges to each rifle. Need I emphasize the statement that I should have a dozen

rifles at those vaults, and eight more at the Mint, with a commensurate quantity of ammunition to accompany them.

With your approval, I propose also to connect the P.O. Vault with my office in the Mint by telephone so as to be in instant communication with the Watchmen there. The Chief expense I am informed would be say $100 (one hundred dollars) outright for purchase of two telephones and expense of wire added. The advantages of the communication would be vastly greater than the cost.

In a conference with Mayor Smith yesterday afternoon, I learned from him, that strikes are still on,

and many men idle, and there are mutterings of discontent in some quarters, but no overt acts of disturbance anywhere. We have made special arrangements for any trouble that may arise and have his police force well in hand for the purpose. In an official communication received from him - a copy of which, with a pamphlet explanatory of the police telephone hereto annexed - he kindly offered me the privilege of running a private wire direct to Police Head Quarters, that I might instantly summon any assistance that might be needed. Assuming it will meet your approval I have accepted the proffer and the wire

and apparatus will be furnished at once.

In the event of any disturbance I will of course immediately notify you by wire

Very respectfully
A. H. H. Fox
Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

D.C.

S. May 1e

Sir;

Pardon the seeming delay in answering your letter in relation to the Daley case but I have been and am still unable to make a definite answer with regard to the suggestion contained in your favor of the 1st inst., because of the temporary absence of the officer detailed to investigate the case. His address I am not acquainted with and the head of the department in which he has been engaged is of the impression that he is sick and he does not know where he lodges.

As soon as I can get the in-

formation from him I will communicate with you

Very respectfully

Superintendent

Hon John K Valentine
U.S. Attorney E.D. Penna.
P.O. Building
9th & Chestnuts
Phila'd'a

May 10th 6

Sir;

In reference to Voucher #103, in my ordinary Expense account for the Month of March last, bill of Elias Pohl for yellow pine plank at 6¢ per foot, referred to in your letter of the 8th inst, the explanation is this. We have a Contract for yellow pine boards, but none for y.p. plank. The plank specified in the Voucher was heavy heart plank of the best quality for special use in the Separating room; and 6¢ per foot was no more than a fair market price.

Very Respectfully
Your Obt Svt
Superintendent.

Hon. Jas. P. Kimball,
Director of the Mint,
Washington, D.C.

May 10th 6

Sir;

In continuing the improvement of the Mint premises and putting the institution in presentable order, which I found to be very desirable, it was discovered that many of the ornamental Spear heads surmounting the iron railing around the Mint, had been broken off at different times, and needed to be replaced. This would require about 1,400 lb cast iron heads, to put the fence in proper condition. As a measure of economy I issued a circular to a number of manufacturers, inviting proposals to supply the desired castings, and received the following offers in reply, viz;

J. P. Morris Company 2 9/10 Cents per lb.

David Scott & Co. 3 1/2 " " "

Edward A. Hollis	3 8/10 ¢. per lb
E. L. Drot.	4 1/2 " " "
D. S. Cassin & Co.	6 " " "

The J. P. Morris Company is a very responsible party, and their proposal being the lowest, I have concluded to accept it, subject to your approval of my action in this proceeding, which I shall be glad to have at your early convenience.

Very respectfully,

Superintendent.

Hon. James P. Kimball,
Director of the Mint,
Washington, D. C.

10: May 6

Sir;

Remittance No: 13 of Gold Bullion from your office, has been received by Express as per memorandum of the 8th inst.

Very respectfully

Superintendent

Robert P. Waring Esq
Assayer in Charge U.S. Assay Office
Charlotte
N.C.

10: May 6

My dear Sir;

Your esteemed favor of the 30th March, calling my attention to Mrs. Ayres invention of File Guards duly came to hand. Mrs Ayres sent a sample of file guards, as you had suggested. I had them transferred to the Comr's department for test. Although they seem to be very convenient, he says after extended trials with different operatives and at various periods of time, that it would not facilitate the business, as we have not found it to be of any importance to the Government to make the change. I have therefore

respectfully communicated the fact to her and returned her the samples by Express.

I hope you are in good health and glad to know that you enjoyed yourself in your official visit to this institution.

I would be personally gratified was it repeated

Very respectfully yours

Wm H Fox

Hon H. L. Dodge

Superintendent

11. May 6

Sir;

I have the honor to acknowledge the receipt of yours of the 10th inst., and am very glad to notice that you approve of my acceptance of the kind offer of the Mayor, in furnishing us with wire communication with the Police Headquarters. This has already been done, a telephone and signal box being yesterday erected in the vestibule, accessible to all officers at all times, which would not be the case if it had been set up in any of the Executive Offices.

In regard to running a wire directly from the Police Headquarters to the

Vaults in the Post Office building, I beg to say that I can scarcely ask His Honor the Mayor for that further accommodation, as the first was a gratuitous service on his part, and besides this I am not inclined to permit the watchmen at the vaults to communicate directly with the Police Headquarters - at least in day time, without first conferring with me, that I may know the situation, and judge as to the proper course to be adopted.

Besides direct Telephonic Communication between the Mint & the Post Office vaults for general communication when needful, being a decided necessity this [illegible] of communication would answer

the same purpose as the other, as immediately upon the receipt of any information for needed assistance, should as quickly communicate with Police Headquarters as the watchmen could direct from the vaults.

It is not my design in case of a disturbance to detach any portion of the force of watchmen from this institution to do duty at the vaults. If it should arise in daytime, I will make a detail of a portion of the working men in the industrial departments under command of some intelligent person, to proceed to the vaults as a reinforcement. If it arise in night time, I shall have to rely for the time being upon the Police

authorities for assistance — whether at the vaults or at the Mint.

Under the authority given me I shall proceed at once to make telephonic communication between this Mint and the vaults by private wire. Then with a reasonable increase of the armament as indicated in my last letter, my mind will be comparatively easy as regards protection in both places.

Very respectfully

Superintendent

Hon. James P. Kimball
Director of the Mint
Washington
DC

11. May 6

Sir;

In reply to your inquiry of the 8th inst. in regard to a supposed disagreement in statements sent you of bars furnished by the Mint for industrial art purposes, I herewith enclose Copy of letters from the Mint Bureau on this subject, dated April 7th and 10th; and have to add that on the 8th of April in reply to Mr. Leech's letter of the 7th I gave you the weight in ounces of the bars issued, and their value in Standard Silver dollars. On the 13th of April, in reply to yours of the 10th I gave you, on the four enclosed in

the letter, the gross value of the deposits for bars, taken from the Abstract Clerk's sheets. The difference in the character of the Statements, accounts for the supposed discrepancy

Very respectfully

Superintendent

11 May 6

Sir

Your letter of the 4th inst. inquiring why the proportionate allotment of gold coinage for the month of April last was not completed was received, & in reply I have to state that the primary hindrance in that case, was a Considerable amount of refractory silver, that embarrassed the Coiner in getting out the imperative quota of silver dollars for the month and thus a large amount of gold coinage that would have been executed in the latter part of April, was not got out until early in May.

There proves to have been a misapprehension on the part of the Coiner as to the

to the basis on which the gold apportionment was made. This having now been removed, the arrearages will be made up as rapidly as may be practicable; and hereafter the requisite proportion of the monthly gold Coinage, will, I hope, be carefully maintained

I enclose copy of a communication from the Coiner on the subject.

Very respectfully
Dad McFox
Superintendent

Hon: James P. Kimball

COINER'S DEPARTMENT

May 10th 1886

Hon. Dan'l M. Fox.

Superintendent

Sir,

In reply to the letter of the Director, of the 7th inst. referred to me by you, I have the honor to state, that my effort to fill the requirement of the Director for the delivery of both Gold and Silver coins during a given month is unavoidably interrupted by the varying quality of the metal which renders uncertain my calculations of estimated product.-

The proportion of the congressional Silver quota which the Director may assign to this mint, occupies our first effort to meet. and the Gold coinage is confined to such

2/

Mint of the United States at Philadelphia, Pa.

COINERS DEPARTMENT

188

occasional days or hours as we can snatch from the Silver working. If in the Gold working we are harassed by refractory or unkindly metal, a delay may occur, which will disturb the exact ratio of the Gold coinage of that month. I need hardly remind you that the sad lack of Storage room here forbids a storage of coin to draw upon for balancing.

With reference to the Gold delivery of last month, permit me to state that the intractable nature of the Silver worked did not allow the time calculated for the Gold, and a delivery of $540000 in Half Eagles was delayed to the first part of this month. An examination of the deliveries from

Mint of the United States at Philadelphia, Pa.,

COINER'S DEPARTMENT.

, 188

October last of Gold coins since we were restricted to the coinage of Eagles and Half-Eagles - will show how nearly we have complied with the Directors order for ratio of

	1/3 Eagles	2/3 Half Eagles.
Pieces	202,220	697,560
Value	2,022,200	3,487,800

If you will kindly instruct me as to which the ratio is to apply - whether to pieces or to value - it shall be my effort to accomplish in the present month the marshalling of the Gold coinage so that the aggregate will be in the proportion it would have been had the instructions been followed literally

Very Respectfully
Signed W. S. Steel
Coiner

11 May 6

Sir:

I have duly received your circular letter of the 10th inst. transmitting a printed slip substituting a new section XVII which as directed I have had carefully pasted over the old section XVII page 13 of the pamphlet Instructions to Custodians of Public Buildings.

I also received a few days ago from the Department, a printed slip with regard to gas fixtures, repairs &c which I also had pasted in its proper place, in the middle of Sect. VIII on page 8, of the Instructions to Custodians

as aforesaid

Special Notice.

1. Lounging on the North Portico of the Mint is strictly prohibited. It is not to be used at any time as a place of resort by workmen or employes.

2. Bones, crusts, and other remains of meals and lunches, must not be thrown into the area on either side of the Mint, nor upon the roof of the Artesian well-house but deposited only in receptacles provided for that purpose

3. The basement doors and windows must all be closed early in the afternoon - before dark - as soon as the bulk of the days work is over, and there is therefore no longer any necessity for their remaining open. This injunction is especially imperative.

4. The Government is entitled to the services of its employes during the whole of the prescribed working hours and lounging, neglect or inattention to duty during the last quarter or half hour before the regular time of retiring, is objectionable and must be

SUPERINTENDENT'S OFFICE

May 14th 1886

Sir,

In looking over the Duplicate Pay Rolls for April, 1886. I find an error in the Calculation of the regular time of Daniel D. Fuller, Counter, in the Coining Dept.

Amount as entered.	26 Days at	$4.00	$104.
Should be	26 " "	$4.00	$104.

The overpayment of $2.00 is refunded to the account this day. Will you kindly return to me the Standard Silver Dollar Coinage Account, with the Pay Roll containing the name of Dan'l Fuller, as also the Abstract accompanying the same that I may make proper corrections, and forward you a new account.

Very Respectfully,

Supt.

Jas. P. Kimball.
Chief of the Bureau.
Washington. D.C.

14: May 6

Sir;

Have the kindness to return to this Office, - if in your possession -, the letter addressed to "George A. Rahm Esq. Acting Assayer in Charge U.S. Assay Office, Charlotte, N.C."?

And oblige

14. May 1878

Sir;

Enclosed please find copy of a communication received this afternoon from our Melter & Refiner, reporting a still worse condition of silver bars from the Kansas City Refinery, consigned to to this Mint by New York parties on account of sales to the Government than any with which we have heretofore had to deal, and calling for some positive defensive action to protect this institution, and enable it, without unjust embarrassment, to meet the requirements of the Department for Coinage on Government

account.

Since my last Communication with the Bureau, I have had Considerable Correspondence with New York in reply to protests against the imposition of a melting charge in cases in which the melting was absolutely necessary to ascertain the real quality of the Silver, and protect the Government. Each case was fully discussed and my action fortified by the official testimony of the Assayer; and an intimation finally given that if the bars from the Kansas City Refinery did not improve in Condition, there was a possibility that there might be some ques-

tion as to receiving the bars at all, as not answering to the description of fine silver, for which alone proposals are invited.

In my judgment, and unexpectedly to myself after all the admonitions given, that time has now arrived. For the reasons stated by the Melter & Refiner, you will observe, that it will be physically impossible to melt all, or any large portion of these silver purchases, to determine (to determine) their value before making payment, and yet carry on our full coinage operations; and I see no remedy except to notify parties offering silver that these

inferior bars from the Kansas City Refinery, will not be received on account of sales to the Department.

If this stand be taken, as I am firmly of the opinion it should be, that Refinery will be compelled to do better work, or lose its best customer. I see no other way to remedy the evil.

I submit the facts for your consideration and await an early reply.

Very respectfully

Hon. James P. Kimball
Director of the Mint
Washington
D.C.

[illegible]
Superintendent

Continued

(Copy.)

14. May 1886.

Sir,

We have just received an Invoice of fine Silver bars from the Kansas City Smelting and Refining Co. under date of May 9th, and I may mention that they are similar to those formerly received and discussed, as very objectionable, and unsatisfactory in their character, and admitted to be unfit to be received.

The greater number of them have been carelessly cast, leaving on the top depressions and protuberances, which have been more or less roughly levelled off by hammering. On behalf of the Government I would ask how do we know what impurities might have been accidentally concealed by hammering, rendering it

impracticable to determine the true weight and value without melting each bar. Moreover the actual present weight differs in some of the bars from the alleged weight; in one case as much as 18 ounces short of weight, and possibly due to water caught in the act of casting the metal.

We ought therefore to melt such bars preliminary to determining their true weight. But all the furnaces we have at command in the Mint, and all our melting force could not execute the amount we have been doing, if we were obliged to melt many bars prior to their being received by, and debited to, the Government. All our space, means and time are not sufficient to do all such work as might be demanded. Moreover the reception of bars of doubtful value is apt to

cause unpleasant discussions of values and losses between the Depositors and the Government.

It seems to me that the difficulties can only be met and harmonized by requiring Depositors to supply only well melted bars.

Very Respectfully
(Signed) Jas C. Booth
M+K.

Hon. D. M. Fox,
Superintendent.

14. May 6

Sir

I would feel obliged if when you transmit a memo: of your shipments to this Mint, you would let it be accompanied by a letter referring to the fact, that we may file away in our regular correspondence for future reference in my special office. Your memorandum is of course kept by my Weigh or Receiving Clerk

Very respectfully

19: May 6

Sir;

As we are now in possession of obviously a sufficient armament to defend and protect the Mint and the valuables therein contained, it is essential that the arms should be kept in good order and at all times ready for use. You will therefore detail one of your men every night to polish up and keep the two Gatling guns in first rate order, and the rifles also, and that they be kept free from corrosion and the chambers smooth and clean - and the cartridges be drawn from the barrels and reloaded every night, and if omitted, with the same charge, so that the same will be creditable to the Department at all

times

I have requested Mr Thomas Gibson our special officer who is quite familiar with the construction and use of the Gatling guns to instruct each and every of your men, in the management of the same. It will be expected that you will exercise the men so as to maintain discipline and method in regard to the armament that we may have coolness and skill should an emergency ever arise to resort to the same, and this instruction and exercise must be continual

Respectfully

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

24: May 6

Sir,

The time is fast approaching when we will be obliged to look for further Conveniences for the storage of Silver dollars. To day I have nearly 15.000.000 of dollars in the two Post office vaults placed in my care, which will not hold more than 5.500.000 beyond the figures above named.

In this connection I would say that there is an unfinished vault in the basement of the Post office, in which probably 15,000,000 Dollars could be stored if it were placed in proper condition for their reception. It has however, neither

lining on plaster and the doors have already been condemned. This vault should be double steel lined, with improved doors, having time and combination locks; indeed, all the improvements which would fit it for the safe reception of so large an amount.

In the absence of any other convenient place, it would be well to consider this, as but a very few months will elapse before he will be again embarrassed to know what to do with the coinage to be executed.

There is however one grand alternative which would avoid the necessity of outlying vaults, and that is, the alteration of the Mint, building by the addition of a third story, the extension of its floors to the line of Chestnut Street and South Penn Square, and the removal

of the large boilers - which are in the centre of the basement floor - to the West side of the building, beneath the wagon way - The last mentioned change would be of primary importance for the special purpose in view, as by the removal of the boilers in question, a space would be created in the very centre of the building, in which vaults could be built large enough to hold all the Silver coinage or Gold specie for many years to come.

These improvements have been referred to before, but I allude to them in addition to the increased vault space.

I would feel obliged by having your views on the whole subject

Very respectfully

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington D.C.

SUPERINTENDENT'S OFFICE

May 24th 1836

Sir;

I have the honor to acknowledge the receipt of your letter of the 22nd instant, in reference to the designation of an armorer to keep our Gratiot guns, and Springfield rifles in good order for instant service.

In reply I beg to state that on the 19th instant I had given the Captain of the Night Watch pretty full instructions on this subject, a copy of which I herewith enclose for your information. They seem to substantially cover the purpose you had in mind in your letter; but I will be pleased to receive any

modifications that your larger experience in this line may enable you to suggest, and will cheerfully carry them out.

Very respectfully,

Dan'l M. Fox

Superintendent.

5 June 6

Dear Sir.

This is to inform you that your services in this Institution will not be required from and after this date.

Very respectfully.

D McFee

Superintendent.

Mr. Gustav Reichard

June 7th 6

Sir—

Enclosed herewith, I forward my requisition of this date for Stationery required for the use of this Mint for the six months ending December 31st 1886.

Very respectfully

Superintendent.

Hon Jas. P. Kimball
Director of Mint
Washington D.C.

7: June 6

Sir;

The following persons having been removed, their names will be dropped from the rolls after the 5th inst:—

J. J. Randall, Annealer, Coiners Dep't,
John A Wagner, Melter, M & R "
Dan'l O'Neil, Carpenter, General "
Frank E Moran, Night Watch, "
Gustav Reichart, Laborer, " "

Very respectfully

Superintendent.

Hon James P. Kimball
Director of the Mint
Washington
D.C.

7: June 6.

Sir;

I have the honor to transmit the oaths of office of the following persons recently appointed to positions in the Mint:

Charles F. Lauer, Hoister, Melter & Refiner &c
John E. Dunn, Carpenter, General "
W. R. Ulrich, Laborer; " "
Charles A. Bristley, Night Watch " "
Granville Hosmer, " " " "
+ George Kleinheinz, Annealer Coin's "

It will be noted that the names of two or three of the appointees are signed in a different manner from the way in which they were originally given to me and transmitted to you. Have the kindness to

amend the record accordingly

Very respectfully

Superintendent

Hon. James R. Kimball
Director of the Mint
Washington
D.C.

June 7th 1886

Sir;

It is very desirable that I should have an approximate estimate of expenditures that may become necessary for the repair and renewal of machinery and apparatus in your Department at the close of the current fiscal year; and I have to request that you will, at your earliest convenience, after careful examination, prepare and submit to me, an itemized ~~Statement~~ of such repairs and renewals as may be necessary to the efficient and safe working of your department during the coming fiscal year, giving a

the probable cost of the same, as near as you may be able to estimate it.

Let me have this statement not later than the 10th instant.

Respectfully,
A. M. Fox
Superintendent

Mr. John Conner,
Chief Engineer

June 10th 6

Sir,

In reply to your communication of the 9th inst, I have to state that the letter of advice from the Bureau, announced the sale of 100.000 ozs Silver by Handy & Cronise, while their correspondence and Invoices, indicated that they had sold but 50.000 ozs. These were the facts that my telegram was intended to reconcile and to bring to the notice of the Bureau for adjustment before any confusion should occur, and in preparing the telegram the amounts were simply reversed, and the letter of advice is correct.

Very Respectfully,

Paul A. Fox

11: June 6

Sir;

I have the honor to receive the Communication of Cabell Whitehead, an Assistant in Mr Eckfeldt's (the Assayer's) department, addressed to you under date June 8th touching the subject of increase of pay, and which was referred to me by endorsement for my consideration.

I have conferred with Mr Eckfeldt and he has formally addressed me in writing. A copy of his communication under current date is hereby enclosed.

Upon consideration of the matter and giving due credit to the recommendation of the Assayer, I recommend that Mr White-

head's pay be increased, for the remainder of the period for which he was appointed, to $4.00 per diem. This enhancement in the rate, will not increase the aggregate of the current expenses as there will be no one appointed in the place of Mr Brinkle until after the 6th July, which will be the termination of Mr. Whitehead's engagement

I return you herewith the communication of Mr Whitehead before referred to

Very respectfully

Your Obt Servt

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

Copy

June 11th 6

Sir

Inasmuch as Mr Whitehead was appointed in this department for a period of two months from the 6th of May, at a compensation of $2.50 per diem, and as his efficiency warrants a more adequate compensation, I recommend that his pay for the remainder of the limited period for which he was appointed, be adjusted at the rate of $4.00 per diem. Inasmuch as Mr Brinkle an assistant has been dismissed (for cause) and no one yet appointed in his place, the compensation to Mr Whitehead will not increase the aggregate of current expenses

Very Respectfully

Hon Daniel McIntyre (Signed) Jacob B. Eckfeldt

Superintendent Appayer

11 June 66

Sir;

Alvin M. S. Brinkle, Assistant in the Assayer's Department having been removed, his name will be dropped from the rolls after the 5th inst.

Very respectfully

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

11 June 6

Sir;

In reference to the subject of placing the boilers on the outside of the building, in obedience to your instructions, I have had a plan prepared of the rear of this building, and the arrangements suggested for the same, which I herewith forward. I placed the matter in the immediate charge of Mr Samuel James, Foreman of the Machinists Department, and after frequent consultations with him, and the Chief Engineer, I have come to the conclusion that it is a feasible and judicious arrangement worthy of consideration.

A copy of Mr James report in detail

under current date addressed to me are herewith enclosed.

I deem it most judicious to have a brief sketch made, as I assume that whatever is to be done must undergo the consideration and supervision of the supervising architect, whoever may be detailed by him, to superintend the work, and therefore felt that I was scarcely justified in procuring plans from professional men for which they in all probability would make pretty high charges. The plan proposed would involve the procuring of new boilers of modern and improved form. I am assured it would make a vast difference in the quantity of fuel consumed in generating steam - and that greatly to our advantage. Besides this, work could go on without disturbing the present en-

gine & boilers until the new machinery would be ready to go into operation. Thus the current work could continue without interruption.

The present engine has been in operation for many years. It is well worn and deficient in many respects. The boilers are in the heart of the building, and the heat there engendered makes it at times, almost insupportable to the employes. This would be materially avoided by placing the heating apparatus on the outside, and add greatly to the general Convenience.

Again when the new engine and boilers were in position and ready to start in operation, the old engine and boilers, would be superseded and removed and

the space hitherto covered thereby would be, of all places the best for the location of the vaults for the storage of coin. They would be in the centre instead of the border line of the present building, a desideratum worthy of much consideration. It would afford space for vaults of capacity and number such as would furnish storage for many years to come. The idea of my having to store silver in places outside the building has always been repugnant to me, but in view of the exigency I could do no better. As the department of the Supervising Architect has detailed plans of the present building they will doubtless understand the plan of the James at a glance aided as it is with the written statement. The de-

advantages of the present, and the advantages of the suggested, conditions, will be perfectly apparent.

I respectfully submit the plan, statement, & estimate, for your consideration

Very respectfully

[illegible]

Superintendent

Hon: James P. Kimball
Director of the Mint
Washington
D.C.

Copy.

June 10th. 6

Hon. Dan'l M. Fox. Supt.

Dear Sir.

At your request I respectfully submit the accompanying plan, with approximate estimates on the same, for the removal of the steam power plant to the north west corner of the property, by locating the Boiler House without the walls of the main building, in a room underlying the present pavement.

Figure 1. is a plan of the basement, embracing that portion of the building north of the chimney S, and includes the proposed plan A. of an excavation at the extreme north-western end of the property, for the reception of steam boilers, of a capacity of 400 horse power; the proposed engine room at B. and the duct leading from the boiler house A. to the chimney S. as shown by the red lines in the plan.

Figure 2. is a vertical transverse section of fig. figure 1. showing the walls C.C., the Phoenix floor beams D.D., the ends of the box girders E.E., the supporting columns F.F., with the necessary foundations for the same, G.G. the stairway leading through the doorway H. into the engine room B. Fig. 1. and the windows I.I. opening from the north wall of the engine room B. above the surface line of the yard.

Figure 3. is a vertical, longitudinal section of A, Fig. 1. showing the walls C.C., the box girders E.E., the ends of the Phoenix floor beams D.D., the brick arches J.J., with the overlying pavement K., the supporting columns F.F., and the side elevation of the stairway leading through the doorway H, Fig. 2. into the engine room as shown at B Figure 1. The openings I.I., above the surface line of the yard, open into the rooms M & N Fig. 1. now used by the Medal Department. The columns supporting the roof of the north porch, are shown at O, Figure 3.

(2.)

The approximate cost for alterations and additions as per the foregoing is as follows:-

Item for Excavation	$ 7.450.00
Underpinning of main walls	12.900.00
New walls	8.050.00
Box Girders	756.00
Phoenix floor beams	1.286.00
Cast iron columns	270.00
Hard Brick & fire brick	1.000.00
Brick laying	1.280.00
Iron work	450.00
Sky lights	630.00
Concrete pavement	600.00
Boilers, Engine, steampipe & shafting	15.000.00
add 10% for incidentals.	4.967.20
Total	54.639.20.

Respectfully
(Signed.) Saml James
Foreman Machine Shop.

438 5/5

Mint of the United States at Philadelphia, Pa.

COINER'S DEPARTMENT.

June 12th 1836

Hon Daniel M[illegible]

Superintendent

Sir.

In view of the urgency required for completing the Silver dollar [illegible] for this month as [illegible], & [illegible] of the [illegible] ment. it became necessary to [illegible] balances for adjusting the blanches. We were very much embarrassed to know what to do in regard to [illegible] You were loath to make expenditures for scales, and suggested that possibly [illegible] as much as we had a very efficient scale adjuster in the Mint. who by trade was a manufacturer of Scales. possibly there might be found around the Institution some

old material of that character which if put in repair would save considerable expense.

I now have the honor to report that there have been found 21 adjusting scales that had been laid aside a few years since as much worn, which have been put in repair and properly adjusted, and they are now rendered fit for efficient service in the adjusting room.

These, and those now in use 82 make an aggregate of 103 adjusting balances fitted to perform good work.

In this connection I desire to say that a large balance very much out of order had been removed some eighteen months ago to the place of business of Mr. Henry Troemner who has furnished scales and balances for the Institution for many years. He reported it as dilapidated and worn out. Learning of

the capacity of our scale adjuster; Mr Pike I sent for the balance referred to, and placed it in his charge for repair. It is now fit and ready for use, and will be thence to your account to take the place of the large scale at the South end of the Training room, which is somewhat worn, and thus give us a chance of putting that one in good order without interfering with the current business.

Another scale which was supposed to be unserviceable and had been put away in a glass case, was also found and put in repair by Mr Pike. This also is in use now.

I desire to say that Mr Thoemmes price for the small balances was $60. each, and for a large balance, such as it would have been necessary to procure from him $1.200. A balance such as

438 4/5

has been referred to as being in the glass case would have cost $100. I refer to these facts to show the saving in fitting up these articles and putting them in repair by our own people, over the employment of outside parties.

Very Respectfully
Your Obt Servant
W. H. Steel
Comm.

Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

June 15th 86

Sir;

I herewith transmit a Schedule of the Proposals received to furnish Supplies for this Mint during the fiscal year ending June 30. 1887. The proposals were opened by me at the appointed time, specified in the advertisement, viz May 31. 1886 at 12 O'clock Noon, in presence of the Operative Officers of the Mint, and such of the bidders as chose to be present, being almost the entire number.

After carefully examining and comparing the proposals, under their several heads, I have made the following awards, and respectfully submit the same for your approval.

2.

No Satisfactory bid received.

26. Ice.

Butchers Ice and Coal Company (Limited)

Ice from Kennebec River, Maine at the rate of Six Dollars per Ton (struck being at the rate of 30¢ per Cwt.

27 Paints

No proper bid received.

28 Miscellaneous.

No proper bid received for Carbons.

White Rags, bids rejected, not satisfactory.

The proposals for Barrels, Pails, Carboys, and White rags, were rejected because not satisfactory in themselves, and I can do better in the open market.

The proposals for Lumber were not sufficiently Specific to be intelligable, and I requested both bidders to submit revised and more detailed proposals, and upon those last I made the award to Thomas Williams Jr. & Co.

I awarded the Cruecibles, Covers, Stirrers and Dipping Cups to Jno. A. Taylor upon the written testimony and opinion of our Melter & Refiner, the responsible Officer by whom they are to be used. A copy of his certificate on this subject is herewith enclosed. I have to add as a general principle that in all cases of doubt with regard to supplies the interests of the

Service must govern. We do not pur-
chase supplies for the accommodation of
dealers, but for the uses of this Mint.
When they are subserved, the interests
of bidders are protected to the extent that
the supplies they offer suit our purposes.
Under the heavy pressure upon this In-
stitution we have no time to waste in
repeating experiments and trials that
have already been made and settled
Conclusions reached. We must know
that appliances offered will sustain us in
our work, in any emergency.

I have given the proposals
received the most careful consid-
eration, and decided in each case
according to my best judgment
keeping in view the wants of
the Mint, and the interests of

the Government, I trust that my action will meet the approval of your judgement.

Very Respectfully

Superintendent.
